

INTERIOR

PROTECTION

PROLONG THE NEW VEHICLE LOOK AND FEEL

THE LUXURIOUS SCENT AND PERFECT SHOWROOM FINISH IS WORTH CARING FOR

Low allergen interior treatments, containing an anti-bacterial, anti-fungal, antiviral agent which promotes healthy, clean interior surfaces.

A safe, non-toxic, non-hazardous, non-flammable, non-carcinogenic treatment that emits no odours. It inhibits mould build up which may cause a musty smell and be harmful to one's health.

The anti-static, stain resistant features allow easy cleaning and low maintenance.

CARPET + FABRIC

Carpet & fabric floors, seats & boots. A superior protectant, compatible with interior air bag & safety features, to allow a comfortable, convenient drive & peace of mind.

LEATHER

Leather seats & finishes. A high quality, Australian lanolin formulation, keeping the leather supple as well as a new look and feel.

VINYL

Vinyl consoles, dashboards, door panels & other trims. A unique organic conditioner to 'lock in' the rich colour & moisture preventing everyday damages.
